

State Water Resources Control Board

RENOTICE OF WASTEWATER CHANGE PETITION WW0089

COUNTY: Monterey

STREAM SYSTEM: Salinas River

The subject petition is being renoticed to correct inaccuracies in the “Place of Use” and “Average Rate of Discharge” table contained in the original notice issued on November 3, 2015. The time period allowed for filing written protests against approval of the subject petition has not been changed.

The City of Salinas (City) has filed a wastewater change petition with the State Water Resources Control Board pursuant to Water Code section 1211. The petition seeks authorization to cease the discharge of treated wastewater from the City’s Industrial Waste Water Treatment Facility to percolation ponds adjacent to the Salinas River during all months of the year. This proposed change would reduce flow in the Salinas River, and will be reviewed by the State Water Resources Control Board pursuant to the provisions of Chapter 10 of Part 2 of Division 2 of the Water Code. Any correspondence directed to the City should be mailed to: Mike McCullough, Monterey Regional Water Pollution Control Agency, 5 Harris Ct Bldg D, Monterey, CA 93940-5756.

Summary of Wastewater Discharge and Proposed Change:

Source:	City of Salinas Industrial Waste Water Treatment Facility
Receiving Water:	Salinas River tributary to the Pacific Ocean
